Agriculture, Forestry and Other Land Use Working Group

Anna McMurray

Ecosystem Services

Winrock International

What is the AFOLU Working Group?

- A global platform for engaging decision makers, practitioners and researchers to facilitate
 - knowledge sharing on LEDS in the AFOLU sector
 - adoption of tools and solutions that promote LEDS across the sector

What is the AFOLU Working Group?

- Over 800 members throughout the world
- Guided by the AFOLU Working Group Steering Committee:
 - Winrock International (secretariat), USAID, UNDP, US Forest Service, FAO, United States Department of Agriculture, SilvaCarbon, SouthSouthNorth, The Center for People and Forests (RECOFTC), Center for International Forestry Research (CIFOR), Governors' Climate and Forests Fund, and Lutheran World Relief.
- Coordinates with LEDS GP and regional platforms, including the Africa LEDS Partnership
